BURGESS REFUSES TO SIGN PAVING CONTRACT

Award to Highest Bidder Meets With Woodward's Veto

PETITION IS FILED

Tenth Street Property Owners Protest to Recent Action of Council

Burgess S. L. Woodward has vetoed the councilmanic award of a Tenth street paving contract to Hastings & Piper, the highest bidders. Also a formal protest to the contract has been filed with the borough clerk for presentation to council by property owners of Tenth street. Council has taken no action yet toward arranging a special meeting to consider the affairs pertaining to the contract and veto.

Burgess Woodward was asked for a statement. He said: "I consider Thomas Arrigo a responsible bidder and he was the lowest bidder for this paving. At the same meeting of council he was awarded the contract for the erection of a wall on Blythe alley because he was the lowest responsible bidder. I believe that I am doing my duty in refusing to sign this contract, as my understanding is that paving contracts should go to the lowest responsible bidder."

Councilman J. K. Mitchell states that he did not vote in favor of awarding the contract to Hastings and Piper. He says he did not vote either for or against the contract.

President D. R. Duvall of council, has been notified of the action taken by Burgess Woodward. What action will follow is not known.

LECTURE TONIGHT FIRST ATTRACTION

Montville Flowers, the first lecturer of the Charleroi Citizens' entertainment course for the season of 1914 and 1915, will give one of his celebrated life lectures with illustrated acting, in the high school auditorium this evening. The lecture will begin at 8 o'clock.

Mr. Flowers has a number of life lectures with illustrated acting which he gives. It is not known which one he will give here this evening, but which ever one he decides upon will be entertaining and an intellectual treat to his audience. Mr. Flowers presents the essential parts of the play with the art of a master, and explains and interprets each character and situation in the play.

Mr. Flowers has been endorsed by many of the best speakers and writers of the present time. Everywhere he has gone he has been followed by favorable comment from the press. He presents each of his plays in a clear and forceful manner.

Ready Now to Move School

Fallowfield Township Board to Receive Bids For Shifting Building

The Fallowfield school board today made preparations for having the Rodgers school building moved from its present location along Maple creek road, where it is asserted school has been hampered by reckless automobilism. The school will be moved from its present location about 300 feet distant across the tracks of the Westside Electric Railway company. Bids for the work of moving the temple of learning are now being asked. The movement to have the school building shifted was started by parents, who feared for the safety of their children.

TELLS SOMETHING OF MT. CLEMENS

Charleroi Man on Trip There Finds Smelly Water and Gets Pounded

SAYS ITS ALLRIGHT

To the Editor of the Charleroi Mail: Situated twenty miles north of Detroit and close to the shores of Lake St. Clair is this town of Mount Clemens. The name was probably given because there is no mountain nearer than a thousand miles, for the whole of eastern Michigan is so level that the streams take their own time in getting to the Great Lakes.

The one great specialty at Mount Clemens is "rheumatiz." Most people here walk with a limp, if they are able to walk at all, and wheel chairs are more popular than automobiles. They have a saying here that if you do not have rheumatism when you come you will get it before you go, but one is supposed to have it when he comes, stay three weeks and go home rejoicing. After that he comes every year, not because there is anything at all the matter but simply out of gratitude.

It was the baths that put this town on the map. They have ten bath houses, but the Lord only knows how many hotels. They pump up a dark, sulphurous-smelling liquid from somewhere down in the depths. You get into a tubful of that water and an attendant rubs you. If you have a joint that does not readily bend, the attendant makes it bend—and tells you it does not hurt. He means that it does not hurt him. Then he plays a tune on your back and ends his contortions by pouring a pitcher of boiling water over you. He protests that it is not boiling, but you know better and resolve to thresh him as soon as you are able.

The most striking thing about this

GETS LONG TERM FOR MALICIOUS SHOOTING

John Macanck Sent to Prison for Firing Bullet Into Body of Andy Markleyski--Will Not Be Free For One Year

John Macanck, of Charleroi who shot Andy Marglevski following an argument on McKean avenue near Eleventh street Saturday night October 10, was before the circuit court Monday. He was sentenced by the court to pay a fine of \$1, to pay the costs and to undergo imprisonment in the workhouse for one year.

Macanck started trouble early in the evening of the shooting at Fifth street. He escaped arrest there and a little later was engaged in a fight at Sixth street. Again escaping arrest he went to his home on Eighth street and procured a revolver. He then went to the Russian hall at Twelfth street, where a dance was in progress and had some words with Marglevski.

HOSPITAL AUXILIARY TO HOLD RECEPTION

The Monessen Ladies Auxiliary of the Charleroi-Monessen hospital is planning to hold a linen shower and reception at the hospital on Friday afternoon from 2 to 4 o'clock. At the time a special effort will be made to procure sufficient linen for the hospital. Sheets of the size 72 by 90, pillow slips 24 by 36 and nine cotton toweling 27 inches wide are especially desired, although those who wished are privileged and asked to bring odd pieces. Refreshments will be served. Mrs. J. J. Cushing is president of the Monessen Auxiliary.

GENTLEMEN OF COLOR BATTLE

Monday evening at 9:45 o'clock Walter Smith colored was arrested by the police while fighting with E. H. Irvin, colored proprietor of the colored pool room on McKean avenue. It seems that Irvin spoke to Smith when he broke some of the rules of the room and Smith resented it.

Smith struck Irvin two or three times with a cue. One of the policemen was near and placed Smith under arrest. Smith was given a hearing before Burgess S. L. Woodward this morning and fined \$1 and costs.

WAGON DAMAGED WHEN HIT BY CAR

When the repair car of the Charleroi-Pittsburg railways line jumped the track at the south end of the Fifth street switch Monday afternoon at 2:50 o'clock, Andy Roscka, who was driving a one-horse wagon past the Casino restaurant, had a narrow escape.

The rear truck twisted under the car and carried it over toward the curb. The back part of the wagon was caught between the car and a telephone pole. Young Roscka was sitting in the wagon driving when the car struck the wagon. The horse was not frightened and stopped at once. The car was re-placed on the track within 17 minutes. Traffic was not interrupted. The horse and wagon are the property of Andrew Wagoner of Shady avenue.

MUSICAL AUXILIARY HAS GOOD PROGRAM

Miss Marguerite Whitlatch was hostess to the members of the Musical Auxiliary of the Athene club at their meeting Monday evening, when a program of musical study was taken up. A paper on Handel and Haydn was given by Miss Lulu Buffle. Miss Ethel Barth sang, "Angels Ever Fair," Handel; Miss Leila Orange played the piano solo, "The Gipsy Rhondo," Haydn and Miss Emma Clutter gave a rendition of the German song, "Stilly Night," Haydn. A feature of the meeting was singing of the Auxiliary chorus. The next meeting is to be held two weeks hence, with Miss Emma Clutter as the hostess.

MURDER PREVENTED BY THE TOWN COP

While Mike Mashuka was on his way home through lower Fayette City Monday night between 9 and 10 o'clock, he was attacked by three of his countrymen and badly beaten. It is believed that he would have been beaten to death but for the timely arrival of Joseph Smith, Fayette City's police force, who placed the three men under arrest.

Mashuka's lower jaw was broken, his lower lip was cut and laid open for over an inch and a half, and a bad gash cut under his right eye. It is believed that he was struck by steel knuckles.

It seems that Mashuka had obtained a judgment note from one of his boarders for \$23.75 in settlement of a board bill. This boarder is said to have been the leader in the attack. The three men will be given a hearing before Justice of the Peace Brown at Fayette City this afternoon at 4 o'clock.

RAILROAD OFFICIALS TO MAKE GENERAL INSPECTION

R. L. O'Donnel, general superintendent of the Western Pennsylvania division of the Pennsylvania Railroad, accompanied by the superintendents of the Pittsburgh, Monongahela and Conemaugh divisions, division engineers, supervisors and assistant supervisors, will make the annual track inspection of the branches of the three divisions Wednesday and Thursday. A special train of two cars will convey the officials over the branches.

MAY ENJOY CHRISTMAS PROGRAM; TOYS HERE

California Could Fight

Two Companies Might be Made up From Men Eligible For Military Duty

Assessor James Wilson of California has completed a list of names of California citizens between the ages of 21 and 45 who are eligible for military duty. The list numbers about 280, which is sufficient to place two companies on a war footing. This includes only those who live within the borough lines, and as many more eligible living in the built up section just outside the lines could probably be secured.

However the list is interesting only as a possibility, for Uncle Sam appears to be keeping his fingers free of the European embroglio, and an invasion of the United States by any European nation is hardly expected this winter.

WILL PUT END TO LOAFING

Burgess Woodward Delivers Himself of Few Rules Concerning Conduct

WILL IMPOSE FINES

"We are going to break up this thing of loafing. Every man convicted of loafing from this time forth will be subjected to a heavy fine. Upon their refusal to pay their fine to jail at Washington they go. That class of men which works only to get money for liquor will be dealt with severely."

This was the warning which Burgess S. L. Woodward sounded this morning to a trio brought before him on charges of disorderly conduct and drunkenness. Harry Miller or North Charleroi answered when called to the bar of justice that he had no occupation. Edward Gillespie a friend of Miller's was before Burgess Woodward also, and each of the two was fined \$3 and costs for disorderly conduct. In default of payment they will go to jail for 60 days.

Dave Fritz, of Belle Vernon, who walked away several days ago when put to work by the police was apprehended Monday. Burgess Woodward fined him \$1 and costs. He will have to undergo imprisonment in the county jail for 60 days if the money is not forthcoming.

COMEDY OF TOYS TO BE PRESENTED FOR CHURCH

"Bibi" a comedy of toys, will be produced in the near future by local talent. The story is told in three acts and pictures the amazing sayings and doings of a shop full of dolls and toys that come to life. What they say and do through one eventful night forms a most original and interesting story. The affair will be for Christ Lutheran church.

German Shipments Received in Spite of War Abroad

NETURAL PORTS HELP

Cargo Made up, It is Said, at Points Not Bothered by Big Scrap

Santa Claus and his assistants may start preparations for the usual kind of Christmas in the United States, for despite the war in Europe, there will be Christmas toys and dolls. The first consignment of the "made in Germany" variety has reached this country and a part has been shipped Charleroi.

When war was declared involving practically the whole of Europe it was immediately announced that there would be no toys or dolls from Germany, which was the biggest toy producing country in the world. Large houses in America which had immense orders placed made things hum. There would not be enough of a supply locally.

The German toys and dolls were already manufactured, according to the news which has filtered out, and the only question was that pertaining to shipment. It is supposed they were shipped to some neutral port from where cargoes were made up for the United States trade.

So far as is known the firm of Kirk and Clark is the only one in Charleroi that has received any of the German make of dolls. They came from the biggest toy and doll producing centers in the world, Thuringen and Sonnenburg.

RAILWAYS COMPANY TO INSTALL PHONE SYSTEM

The Pittsburgh Railways company is installing a new telephone system along its Washington-Pittsburg line. It is a private line to be used exclusively for dispatching cars. The system does not abolish or interfere with the present light signal system at each switch. The line will run direct to the dispatcher's office and there will be no one else on the line. At present there is a telephone system along the road, but it is connected up with sub stations and other places. There are being installed iron telephone boxes at switches and at points between switches. This phone system will permit word to be sent at once to the dispatcher's office in case of accident, break down or other mishap that requires prompt attention from the dispatcher. The line is not yet in use, but will be within a few days.

JOHN PICKLOSKY IS RECOVERING FROM FALL

John Picklosky, who fell down the stack at the water pump station last Tuesday morning, is said to be recovering at the Charleroi-Monessen hospital. His left ankle was badly injured, but it is believed that it will be alright in a short time.

POSTURE.

"As the twig is bent, the tree's inclined."

Few people appreciate the value of correct posture. Not alone does it have a decided effect upon our bodily health but an equal if not a greater bearing upon our mental attitude. When a man is down and out we plead with him to "brace up." It is almost impossible to associate incompetency and weakness with a firm upright carriage. Resolution seems to be the natural accompaniment of an erect well poised physique. Not alone for its effect upon ourselves but for the impression which it makes upon our fellows we should endeavor to cultivate an upright bearing, says Samuel G. Dixon, state commissioner of health.

If you slouch at your work you really incapacitate yourself. A proper position sitting as well as standing or walking is required to insure the maximum use of body and brain. A depressed head and shoulders means a contraction of the chest and a corresponding inability to expand the lungs to their full extent. Any lessening of our maximum breathing capacity is harmful.

This position if persisted in may also interfere with the heart action. It is particularly important for growing children, especially for those of school age to acquire a proper posture.

Considerable attention has been given to the seating of pupils but almost every backless bench has been removed from our school rooms and every child is given a properly designed seat which will permit the feet to rest on the floor, and a desk of proper height, we will not have begun to do the necessary work in this direction.

The acquirement of a graceful upright carriage by both boys and girls is an acquisition whose value both in the social and business world can scarcely be over-estimated. The man or woman who has fallen into careless habits in this respect will find their efforts to correct them well repaid.

No violent gymnastics are necessary. A few simple exercises and a little determination can accomplish much toward making proper posture a permanent good habit which will benefit us physically and mentally.

A WORD WITH THE VOTERS.

In his message to the 57th Congress Col. Roosevelt, then President of the United States, said:

Our experiences in the past have been shown that sweeping revisions of tariff are apt to produce conditions closely approaching panic in the business world.

Thomas B. Reed, when speaker of the lower house of Congress, gave to the tariff tinkers of the world this prophetic warning:

We ought to let the tariff alone; we ought to defend it against all comers for the good of the nation. We are doing more than well and need not

Good Spirits

hunt for disaster. That will come in due time.

And to the everlasting regret of every wage-payer and wage-earner in this land there came the tariff tinkering and the disaster "in due time," just as Speaker Reed feared.

The greatest prosperity this country ever enjoyed was vouchsafed to its people during the administration of former President William H. Taft. Work was abundant at the best wages ever paid in this country. Every form of business boomed, and labor enjoyed its full share of the excellent prosperity. There was no compulsory idleness. There were no soup houses and no suffering for the plain necessities of life among those willing to work.

But "the sweeping revision of the tariff," came and just as Col. Roosevelt predicted, conditions came that closely approached panic in the business world.

The voters of Pennsylvania owe it to themselves and owe it to their dependents to vote against the Democratic free trade party and its candidates. Experience has been a severe teacher for the voters in Pennsylvania. The existing conditions can be relieved only by restoring to power in the state and the nation the Republican party with its policies of protection and consequent prosperity.

Republican success in Pennsylvania this fall means Republican success in the nation at the next Presidential election.

ELECTRIC SPARKS

The so-called Democratic horn of plenty has been altered into a come-across war tax vehicle.

Two wrongs do not make a right but if you get enough for your wrongs, eventually you can't convince the people that you are right.

They have lots of Sherman in the European war, but one thing they will miss terribly will be Sheridan's ride.

A Washington lecturer months ago said there would be a terrible war in Europe. Interest is not centered in him so much as in how he knew.

The man who claims himself to be of that classification "little lower than the angels" is like as not to have it proven to him by a woman that he is prevaricator.

Candidates are so positive the people need them that they are willing to send out free advertising matter to the newspapers descriptive of their own virtues. That's patriotism.

A Big Difference.

You call a man a humorist
And proudly he will smile.
But give your words a tiny twist
And you arouse his bile.

For language is a funny thing
And alters at a stroke
And if you want to leave a sting
Just call a man a joke.

—Pittsburgh Post.

PICKED UP IN PASSING

It is nothing to write college dramas, providing you have the rules for guidance in slapping the affairs together. If one has not attended college, so much the better. His imagination is less untrammelled. Here are some of the rules:

"1—All heroes are named Jack, Dick or Stanley.

"2—All college men wear sweaters always and smoke short, fat-bowed pipes.

"3—There is always a 'Fatty' who is a funny fellow.

"4—Any four college men make up a quartet, which can sing 'Merilee We Ro-hull Alonning' at any time.

"5—All college men are wooing a girl named Dorothy or Betty, who is 'sweet and pure as an angel.'

"6—All college men address each other as 'old hoss.'

"7—College men never study, but spend their time in tossing repartee back and forth.

"8—All college rooms are adorned with pennants.

"9—All college men call their fathers 'Pater' and speak of the 'honor of the dear old school' in a husky voice."

In a certain paper of ancient date is contained the following announce-

ment of marriage notice publication: "All notices of marriages where no bride cake is sent, will be set up in small type and poked in some outlandish corner of the paper. Where a handsome piece of cake is sent, it will be placed conspicuously in large letters, but when gloves or other bride favors are added, a piece of illustrative poetry will be given in addition. When, however, the Editor attends the ceremony in propria personae and kisses the bride, it will have a special notice—very large type—and the most appropriate poetry that can be begged, borrowed, stolen or coined from the brain editor's."

Notice.

Bids will be received by the Fallowfield township school board for moving the Rodgers school house from its present location to a plot of ground about 300 feet from the present site. Plans and specifications can be seen at the Bank of Charleroi. All bids must be in by Saturday, October 31, when the board meets at the Bank of Charleroi. A certified check in the amount of \$100 must accompany each bid. The board reserves the right to reject any or all bids. By order of the Board.

water is the smell. Chicago people reaching this place after dark feel perfectly at home, for they imagine themselves back in the stockyards district, only the Mount Clemens odor is rather more pronounced.

They say that this water was discovered by a horse. Away back in the Civil war days some men were boring a deep well for salt along the banks of the Clinton river and had impressed into their services an ancient beast, by courtesy called a horse. This antiquated specimen had ring-bones and spavins and heaves and all the other things that only a horse knows how to have. Day after day he went limping and groaning around the circle dragging the sweep after him, and it was doubtful whether he would last to see the finish of the job. In pumping the well some of the strong brine fell over his back and his feet and legs were well soaked in the mud.

When the well was finished the horse got better. His lameness had left him and his youth seemed to be renewed. He was used for a time as a roadster and was faster than any other horse in these parts. Finally he was trained for the race track and took all the speed prizes at the county fairs for miles around. Of course, it was the water that cured him.

They say that 30,000 people come here every year to soak their skins in this water. I do not know how nearly correct these figures may be, but I notice that "taking in the stranger" seems to be the chief occupation.

Having plenty of time while here we stroll about the town and talk with other visitors, or spend a few hours in Detroit. We sit in the hotels and talk and talk, but the most important topic in the whole world is how we feel since our last bath.

It is to be hoped that all who can will help them succeed in their humanitarian work and alleviate to some degree the suffering that will be general in Europe this winter.

Growth of Germany.
A century ago there was no German empire—only a number of German states whose aggregate wealth and income were probably less than those of France. Now united Germany is estimated to possess an income of nearly \$10,000,000,000 and accumulated wealth of about \$30,000,000,000. During the century Germany's population has grown from 24,000,000 to more than 67,000,000, or 180 per cent.

Lung Trouble Yielded to This Medicine

If you are suffering with Lung Trouble, or if you know of some unfortunate person so afflicted would you take the trouble of fully investigating a medicine which has brought about complete recovery in a number of very serious cases? To Eckman's Alternative, a remedy for Throat and Lung Troubles, has been given the fullest credit of restoring health in a large number of cases. Read this: "Gentlemen: In the winter of 1903 I had an attack of Grippe, followed by pneumonia, and later by Lung Trouble. In the winter of 1904 I had cough, night sweats, fever and raised quantities of awful looking sputum and later I had many hemorrhages; at one time three or four successive days. Milk and eggs became so disgusting I could keep nothing down. Three physicians treated me. I was ordered to take the morphia, but did not. Eckman's Alternative was recommended by a friend. After taking a small quantity I had the first quiet night's sleep for weeks. My improvement was marked from the first. I gained strength and weight and appetite and never had another hemorrhage and my cough gradually lessened until entirely gone. I am perfectly well." (Amidavit) ANNE F. LOUGHRAN. (Above abbreviated; more on request.) Eckman's Alternative has been proven by many great tests to be the only remedy for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stomach, Colds and in upholding the system. Contains no narcotics, no oils or other harmful drugs. Ask for booklet telling of recoveries and write to Eckman Laboratory, Philadelphia, Pa. for evidence. For sale by all leading druggists. Which wins?

Now and then, we hear people say that they can get along without a typewriter. Yes, we believe that. Only forty years ago everybody got along without one.

So they did, a little further back, without the steam engine and the railroad train. They got along without them because there were none.

Anyone today who thinks he can get along without the typewriter because he can do his writing with the pen, is like the man who thinks he doesn't need the railroad because he can walk. In your method of writing you may be "walking" today. If so, then remember that the railroad is built and—

YOUR Train has arrived It is the New Remington JUNIOR Typewriter

We have built the Remington Junior on purpose for those who have writing to do and need a typewriter but who haven't bought one—yet.

We have built it for the traveler and for the home; for the doctor, the clergyman, the farmer, the retail storekeeper—for everyone who needs a typewriter for the simpler uses, like manuscript and letter writing.

The price of the Remington Junior is fifty dollars, cash with order. It is just what its name implies, a "boiled down" Remington; smaller, lighter, simpler and more portable, but a true Remington in the work it does and the way it does it, and sold under the iron-clad Remington guarantee.

Here is your chance, absolutely your first chance, to buy an absolutely first-grade typewriter at a medium price. For \$55.00, we will sell you a Remington Junior on terms of \$5.00 down and \$5.00 a month. Cut out the attached coupon and send it to us with \$5.00 in cash, check or money order, and we will send the machine.

WAR NOTES

London, Oct. 20.—A dispatch from northern France says that the allies have recaptured Oostend.

Paris, Oct. 20.—British warships, cannonading the German land forces, which had opened a terrific bombardment of the allies entrenched position between Neuport on the Belgian north sea coast and Dixmude, southward on the Ypres canal, broke the force of the Germans attack. The Belgians hurled the Germans back.

Berlin, Oct. 20.—An official dispatch says that the German troops have reached the neighborhood of Dunkirk on the French coast of the English channel. Heavy fighting is taking place at Dixmude and Roulers. The inhabitants of these two towns are in flight. The Germans have repulsed the enemy to the west and northwest of Lille. There is no change in the east.

Manchester, Mass., Oct. 20.—Ambassador Dumba of Austria-Hungary has received two wireless dispatches, which say the Austrian forward movement in battle on both sides of the San river continues. At some points near the Russian lines they proceed slowly. Severe attacks of Russians have been repulsed with heavy losses. The Austrian heavy artillery has commenced firing. The Russian losses in attacks on Przemyśl is estimated at 40,000 dead and wounded. The Austrians are everywhere pursuing the Russians. The Austrians have taken more than 15,000 prisoners in the present advance movement. The American Red Cross detachment has arrived at Budapest.

Montenegro, Oct. 20.—An Austrian submarine was sunk in the Adriatic sea by a French cruiser.

Tokio, Japan, Oct. 20.—The Japanese cruiser Takachiho was sunk by a mine in Kiao-Chau bay on the night of Oct. 17. One officer and nine members of the crew were saved. More than 275 men are believed to have been lost.

PROPOSED AMENDMENTS TO THE CONSTITUTION SUBMITTED TO THE CITIZENS OF THE COMMONWEALTH FOR THEIR APPROVAL OR REJECTION, BY THE GENERAL ASSEMBLY OF THE COMMONWEALTH OF PENNSYLVANIA, AND PUBLISHED BY ORDER OF THE SECRETARY OF THE COMMONWEALTH IN PURSUANCE OF ARTICLE XVII OF THE CONSTITUTION.

Number One.

A JOINT RESOLUTION

Proposing an amendment to section one, article eight of the Constitution of Pennsylvania.

Resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, That the following amendment to the Constitution of Pennsylvania be, and the same is hereby, proposed, in accordance with the nineteenth article thereof:

That section one of article eight, which reads as follows:

"Section 1. Every male citizen twenty-one years of age, possessing the following qualifications, shall be entitled to vote at elections, subject, however, to such laws requiring and regulating the registration of electors as the General Assembly may enact:

"First. He shall have been a citizen of the United States at least one month.

"Second. He shall have resided in the State one year, having previously been a qualified elector or native-born citizen of the State, he or she shall have removed therefrom and returned, then six months immediately preceding the election.

"Third. He shall have resided in the election district where he or she shall offer to vote at least two months immediately preceding the election.

"Fourth. If twenty-two years of age and upwards, he shall have paid within two years a State or county tax, which shall have been assessed at least two months and paid at least one month before the election." be amended so that the same shall read as follows:

"Section 1. Every citizen, male or female, of twenty-one years of age, possessing the following qualifications, shall be entitled to vote at all elections, subject, however, to such laws requiring and regulating the registration of electors as the General Assembly may enact:

"First. He or she shall have been a citizen of the United States at least one month.

"Second. He or she shall have resided in the State one year, having previously been a qualified elector or native-born citizen of the State, he or she shall have removed therefrom and returned, then six months immediately preceding the election.

"Third. He or she shall have resided in the election district where he or she shall offer to vote at least two months immediately preceding the election.

"Fourth. If twenty-two years of age and upwards, he or she shall have paid within two years a State or county tax, which shall have been assessed at least two months and paid at least one month before the election.

"Fifth. Wherever the words 'he,' 'his,' 'him,' and 'himself' occur in any section of article VIII of this Constitution the same shall be construed as if written, respectively, 'he or she,' 'his or her,' 'him or her,' and 'himself or herself.'

A JOINT RESOLUTION

Proposing an amendment to section eight of article nine of the Constitution of Pennsylvania.

Resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, That the following amendment to the Constitution of the Commonwealth of Pennsylvania, in accordance with the provisions of the nineteenth article thereof:

Amend section eight, article nine of the Constitution of the Commonwealth of Pennsylvania, which reads as follows:

"Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law; but any city, town or township, which now exceeds seven per centum of such assessed valuation, may be authorized by law to increase the same three per centum, in the aggregate, at any one time, upon such valuation, except that any debt or debts hereinafter incurred by the city and county of Philadelphia for the construction and development of wharves and docks, as public improvements, owned or to be owned by said city and county of Philadelphia, current net revenues in excess of the interest on said debt or debts, and of the annual installments necessary for the cancellation of said debt or debts, may be excluded in the calculation of the power of the city and county of Philadelphia to become otherwise indebted: Provided, That a sinking-fund for their cancellation shall be established and maintained," so that it shall read as follows:

"Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law; but any city, town or township, which now exceeds seven per centum of such assessed valuation, may be authorized by law to increase the same three per centum, in the aggregate, at any one time, upon such valuation, except that any debt or debts hereinafter incurred by the city and county of Philadelphia for the construction and development of wharves and docks, as public improvements, owned or to be owned by said city and county of Philadelphia, current net revenues in excess of the interest on said debt or debts, and of the annual installments necessary for the cancellation of said debt or debts, may be excluded in the calculation of the power of the city and county of Philadelphia to become otherwise indebted: Provided, That a sinking-fund for their cancellation shall be established and maintained," so that it shall read as follows:

"Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law; but any city, town or township, which now exceeds seven per centum of such assessed valuation, may be authorized by law to increase the same three per centum, in the aggregate, at any one time, upon such valuation, except that any debt or debts hereinafter incurred by the city and county of Philadelphia for the construction and development of wharves and docks, as public improvements, owned or to be owned by said city and county of Philadelphia, current net revenues in excess of the interest on said debt or debts, and of the annual installments necessary for the cancellation of said debt or debts, may be excluded in the calculation of the power of the city and county of Philadelphia to become otherwise indebted: Provided, That a sinking-fund for their cancellation shall be established and maintained," so that it shall read as follows:

"Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law; but any city, town or township, which now exceeds seven per centum of such assessed valuation, may be authorized by law to increase the same three per centum, in the aggregate, at any one time, upon such valuation, except that any debt or debts hereinafter incurred by the city and county of Philadelphia for the construction and development of wharves and docks, as public improvements, owned or to be owned by said city and county of Philadelphia, current net revenues in excess of the interest on said debt or debts, and of the annual installments necessary for the cancellation of said debt or debts, may be excluded in the calculation of the power of the city and county of Philadelphia to become otherwise indebted: Provided, That a sinking-fund for their cancellation shall be established and maintained," so that it shall read as follows:

of which credit shall be ascertained by capitalizing the annual net revenue during the year immediately preceding the time of such assessment. Such capitalization shall be accomplished by ascertaining the principal amount which would yield such annual, current net revenue, at the average rate of interest, and sinking-fund charges payable upon the indebtedness incurred by said city, for such purposes, up to the time of such assessment. The method of determining such amount, so to be excluded or allowed as a credit, may be prescribed by the General Assembly.

In carrying indebtedness, for any one or more of said purposes of construction, improvement, or reclamation, the city of Philadelphia may issue its obligations maturing not later than fifty years from the date thereof, with interest to be paid semi-annually, the payments to be sinking-fund to be in equal or graded annual installments. Such obligations may be in an amount sufficient to provide for and may include the amount of the interest and sinking-fund charges, accruing and which may accrue thereon throughout the period of construction and until the expiration of one year after the completion of the work for which said indebtedness shall have been incurred; and said city may also issue its obligations, maturing not later than fifty years from the date thereof, with interest to be paid semi-annually, the payments to be sinking-fund to be in equal or graded annual installments. Such obligations may be in an amount sufficient to provide for and may include the amount of the interest and sinking-fund charges, accruing and which may accrue thereon throughout the period of construction and until the expiration of one year after the completion of such work.

Some thief or thieves have made a rather strange haul from an engine belonging to the state highway department, which has been at Beallsville, in connection with the work on the Beallsville-West Pike Run improved road. Parts of the engine to the value of about \$25 have been stolen.

A. W. Powers of Pittsburg, has returned home, after spending some time at Beallsville, with headquarters at the National hotel. Some time was also spent at Scenery Hill.

J. L. Dungan has returned to Morgantown, after spending some time at Beallsville attending to matters of business.

S. W. Hill of near Beallsville, is home from a visit to friends at Charleroi.

BENTLEYVILLE

James Lutz a farming hand of near town, it is said has left with a new motorcycle belonging to Peter Lash, a miner of this place. The motorcycle is a blue Emblem, twin cylinder. Lutz borrowed the machine from the owner some time ago for a short ride. The owner refrained from reporting the matter lest the man had good reasons for the extension of a few hours into several days. Nothing has been learned as yet concerning the departure or the manner of departure. Chief Sillman is in possession of the borrower's description and is making an effort to land the man indirectly.

Successful Entertainment.
Monday evening the most successful entertainment ever afforded in Bentleyville took place in the E. & M. bank hall. The entertainment was the initial one of a course conducted under the auspices of Prof. McCormick and the Bentleyville high school. Dr. Frederick Vinning Fisher was the entertainer. Dr. Fisher came equipped with a large dissolving stereopticon and both moving and slide pictures. The Panama-Pacific Exposition was the theme of the entertainment. The crowd attending was fairly large. First Dr. Fisher showed and explained moving pictures of the excavating of the great canal. In these the audience had before them the giant steam cranes tearing the earth, mighty blasts tearing mountains to shreds and the magnificent Gatun locks. Then the speaker explained several hundreds of picture slides. The picture slides portrayed the most beautiful spots one passes in going to California by both the Santa Fe and the Northern routes. The bad lands in Montana were projected with all their badness; Indian tribes of the Dakotas feathered treaded before their eyes; the great farming district of the northwest was shown in a realistic fashion and the apple orchards of Washington and Oregon loomed in the remote Bentleyville. The pictures were well colored, making the effect the best possible. The scenes of the coming exposition were shown. The golden

gate was viewed from the water at many different points. The unique lighting system of the grounds at night was shown and fully explained. At a late hour the last picture was projected, even then the audience would have sacrificed another hour or two of sleep to see more pictures.

Highway Department Maintains It Spent All Money Legally

Refutation of the charges of mismanagement made against the state highway department are contained in figures in the annual report of the Department for the year from June 1, 1913 to June 1, 1914, which report is now in Governor Tener's hands.

The assertion that sixty-eight cents out of every dollar expended by the state highway department goes toward overhead charges is riddled by the logical exposition of the truth told by the figures. These facts are made clear in the report, which asserts among other things that it is not true that \$14,905,541.33 has been "turned over" to State Highway Commissioner Bigelow; that it is not true that the legislature has appropriated that amount of money for the direct use of the department and that it is not true that \$9,344,408.65 has been expended in overhead charges.

"With regard to the amount appropriated," the highway department maintains, "the truth is that \$12,657,352.90 is the sum total of all funds which the legislature has set aside for the direct use of the present state highway department. Out of this amount \$2,553,270.14 was in the State treasury unexpended on June 1, 1914. This makes the amount actually expended \$10,104,082.76 instead of \$14,905,541.33.

"It is a mistake to assume that even this \$10,104,082.76 has been handed over to the state highway department to expend as it saw fit. On the contrary the legislature specifically designated the various purposes for which the great bulk of this money was to be used and the department had no authority to spend these funds except in the manner and for the purposes laid down by the Legislature and has not attempted to do so.

"For example, out of the \$10,104,082.76 of appropriations expended, the legislatures required that \$1,900,000 could be used solely for state-aid expenditure of which must be initiated by the counties, townships and boroughs and that \$2,000,000 could be expended only for maintenance and for no other purposes. There were various other restrictions as to how the Department was to be permitted to use the money.

"As a matter of fact only \$5,700,000 was appropriated by the legislatures for the actual work of construction of state highways.

"Another important fact is that, in addition to the \$12,657,352.90 mentioned above, there is the sum of \$2,248,188.43 which must be considered solely as a fund over which the department could exercise no discretion other than that of trustee. This sum included the township bonus funds set aside by the legislature of 1911 and 1913 and the turnpike purchase fund.

"There is also to be taken into account the automobile division expense

CHARLEROI HIGH TO PLAY VANDERGRIFT

With a crippled squad Charleroi high school will go to Vandergrift Saturday to play the Vandergrift high school eleven. Capt. Speers and Lowmister of the backfield will both be out because of injuries and probably Piersol will be unable to fill his regular position at right end. However a strong lineup will be presented, with Stahlman, Pfeifferhardt or R. Carson on the halves, Carson, who this year promises to be a sensation at fullback, Booth at quarter; Scott, Ramsey and Hickey alternating on the ends, Brown at center; Lutes and Ryland at guards and Delvaux, Richey and Hepler alternating at tackle.

The second game of the season at home will be played on Saturday, Oct. 31, with Donora high school. In order will follow games with Vandergrift high here, West Newton high, Washington high and the Thanksgiving game with Monongahela high school at Monongahela.

Sunday School Folk Visitors.
Members of a young men's Sunday School class of the First Presbyterian Sunday school of Waynesburg, with F. W. Downey in charge were visitors in Charleroi today, having enjoyed a boat excursion from Rices Landing.
